Binary Options System

**“WHIPLASH6 Forex Binary Options System Has Averaged \$3,218.75 Per Day Systems Results with 30 Minute Binary Options Expirations Trading Just 3 Hours a Day”**

This system has had extremely high accuracy with low numbers of losses and high numbers of wins. You can see from the performance sample below.

WHIPLASH6 is another must have system to add to your arsenal. It can trade stocks, indices and Forex, although our sample is from Forex below. Find the instrument that works best for

you. You can see the systems results below.

## Features

- Use to trade stocks all day long
- Use on Forex too
- Use 30 minute binary options
- Solid momentum indicator – a principle of price action.

## Benefits

- You can use this binary system / binary strategy to trade pretty much whenever you want. You just need the markets to be somewhat active
- You can trade all day or concentrate for a short period. You can even trade several assets in a short period of time instead of trading all day. Just keep that time frame consistent.
- Imagine having another potential super cash flow stream
- Start tiny and build big. The methodical approach tends to work the best!

## Systems Results

Here are the system's results sampling below. These results are based on trading a 3 hour session on EURUSD. The system trades 5 minute binary options expirations. We used the USA open although any moderate moving market time will do.
