

“Use Super Simple Strategy 4 to Trade 15 Minute Forex Binary Options with Up to 80% Accuracy or More”

Use SS4 to add an additional weapon in your arsenal to battle the binary options markets

This is an excellent little strategy that we use as a system that has all sorts of potential. But for now we've focused our entries on one set up at one time.

Well technically you can use this strategy on any time you want. High momentum times are always easiest to trade.

- Trade in 15 minutes a day and be done
- If you like simple this is designed to be super simple
- A nice starter strategy but you can also build on the concept of SS4 into something more elaborate if you're so inspired to do so.
- 80% System result accuracy as seen below
